INSTRUCTIONS

1. Use your fan brush to make a base layer in London Fog by applying 3 coats with a fan brush.
2. Use a pen to trace on your NCR pattern after the base layer is dry.
3. Fill in the sections on the gauge using your detail brush to apply 3 coats. From Left to Right we did: Mango Madness, Squash Blossom, Carrot Juice, Orange Juice, Red Head, and Red Heart
4. Use your detail brush again and fill in the rest of the gauge and words with 3 coats of Licorice.

TIPS

- When applying the pattern, make sure the color underneath is dry.
- Press down firmly to make sure it's transferring.
- Always peel the paper back to make sure you've transferred before removing.
- When outlining with a liner brush, hold the brush straight up and down to get thinner lines, and press down for thicker lines.
